Cómo lograr el Bilingüismo: lo que realmente funciona

Dr Neville Stiles MBE PhD

Consultor en Lingüística

Richmond

¿Qué significa el Bilingüismo para la Educación en Guatemala?

- Individual y Societal
- Minimalista y maximalista
- En términos de la Educación el Bilingüismo presenta retos

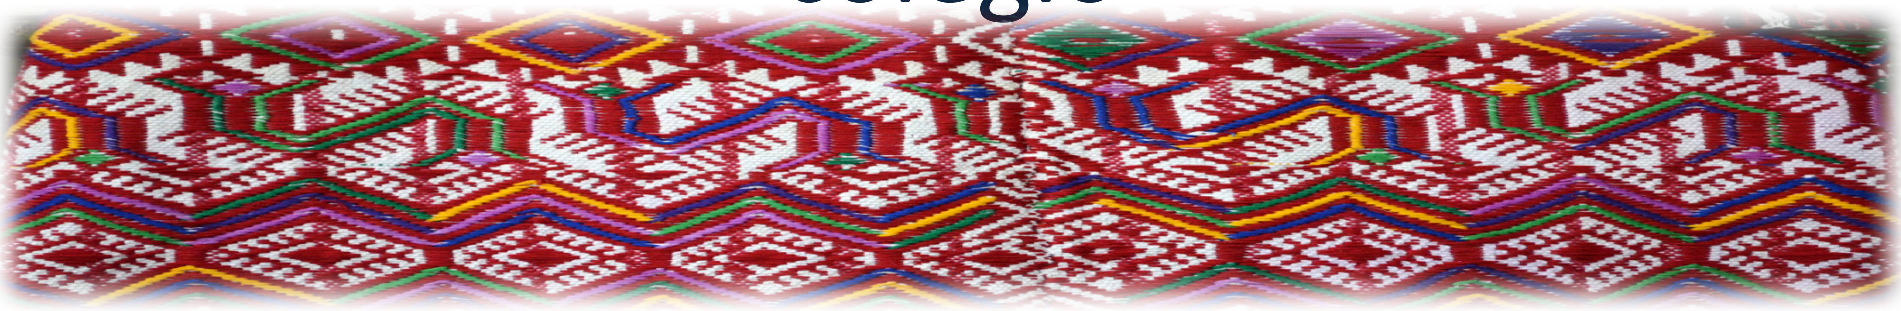
¿Qué significa hoy Guatemala para el mundo?

¿Adónde va nuestra Educación, y por ende, el bilingüismo?

Globalización

Perfil final del alumno en el mundo globalizado:

- Formación de la persona - valores
- Que sea exitosa
- Que logre entrar la Universidad
- Que haga dinero
- Que sea un alumno ejemplar del colegio

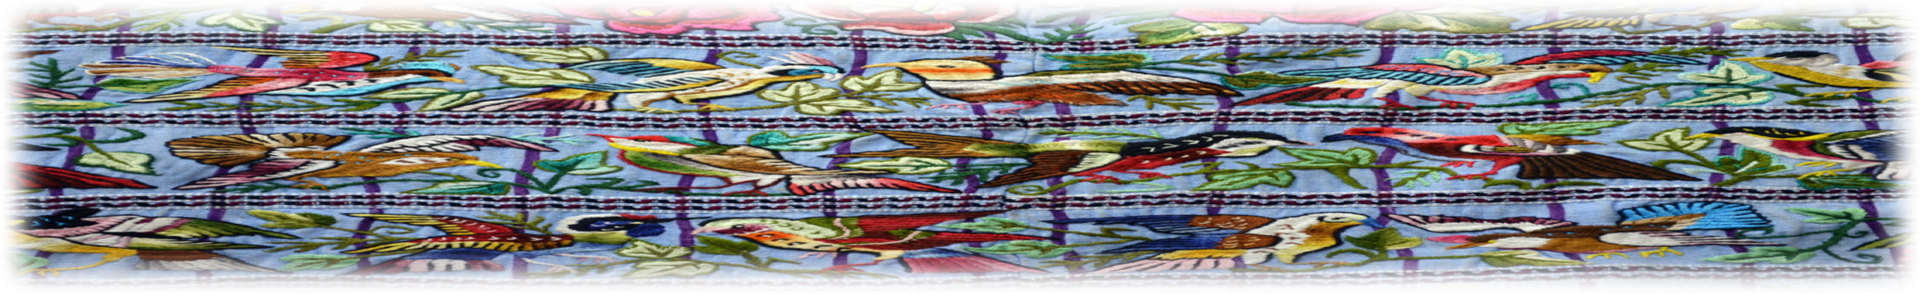


Entonces, ¿cómo se puede lograr un programa bilingüe *exitoso* en un colegio?

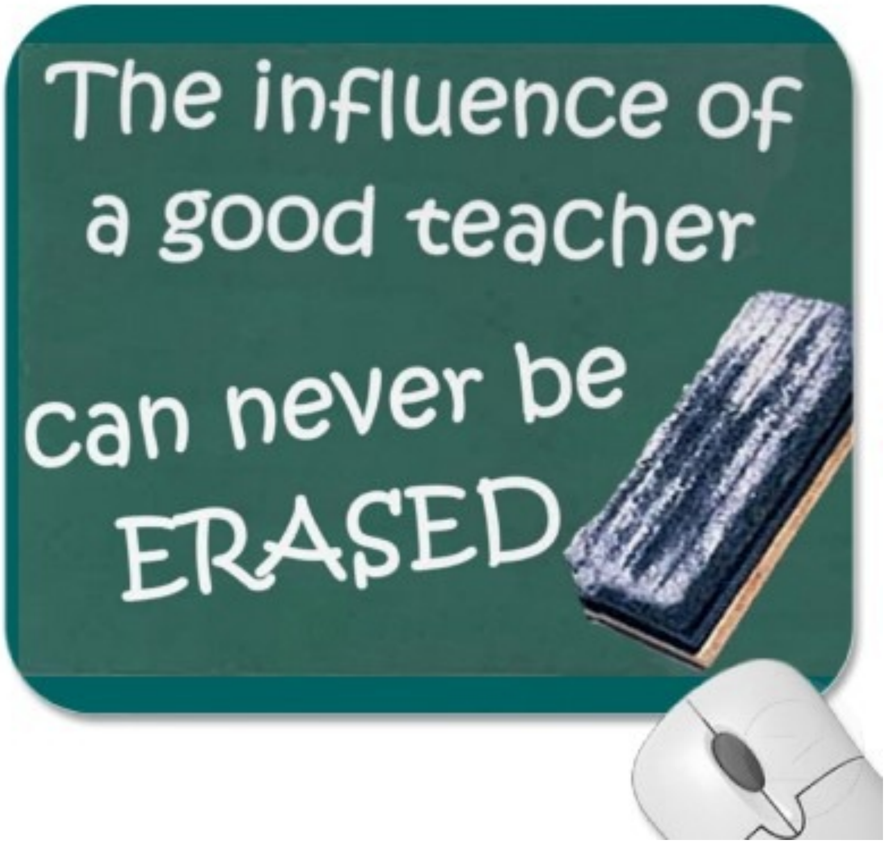
1. Determinar qué nivel de bilingüismo se busca para los alumnos
2. Definir el objetivo o perfil final (por ejemplo: TOEFL)
3. Preparar un plan de corto, mediano y largo plazo en base a la realidad alcanzable del colegio, los padres de familia, y sobre todo, de los alumnos
4. Determinar recursos materiales, humanos y financieros para llevar a cabo su proyecto de bilingüismo
5. Elaborar un sistema para evaluar a candidatos a maestros de inglés
6. Escoger un método adecuado para alcanzar el objetivo

¿Qué es el motor de su programa de bilingüismo?

Sus maestros son el motor!



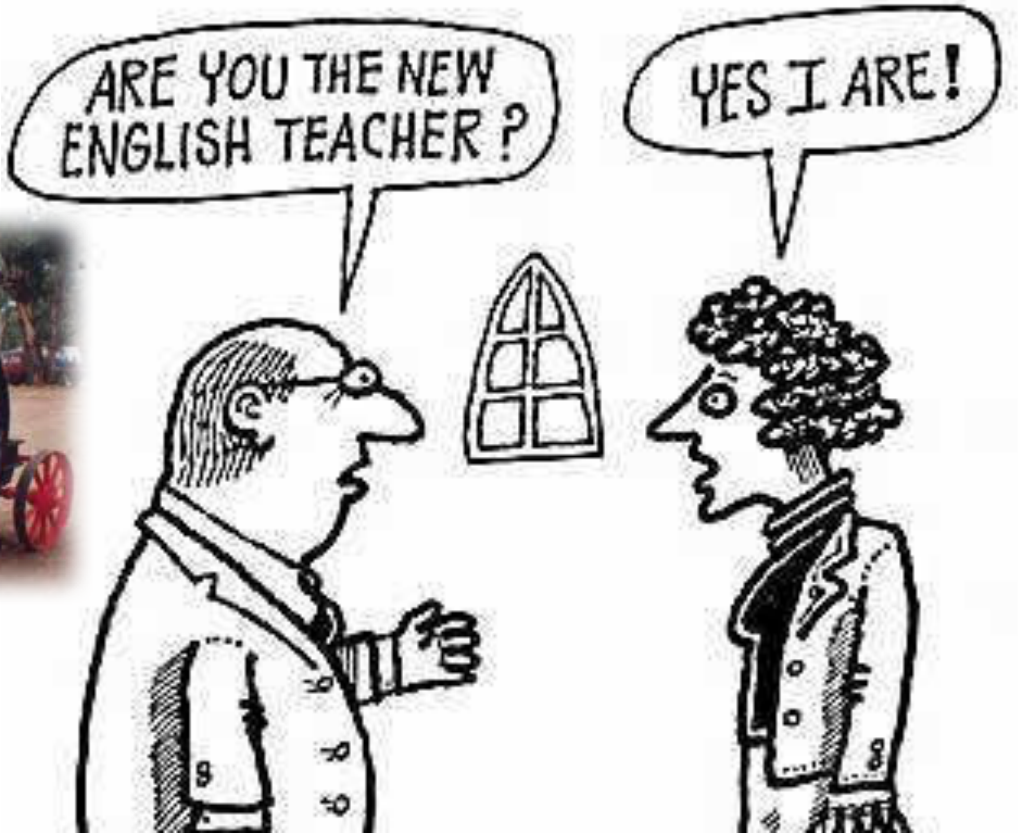
Nunca se puede BORRAR la influencia de un buen maestro



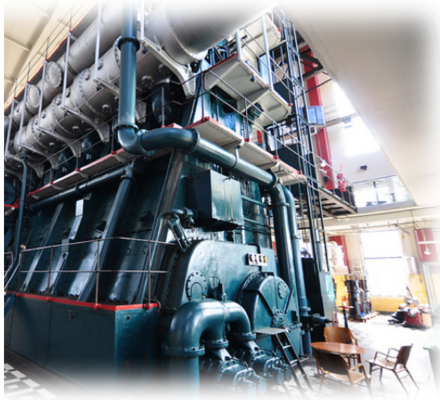
The influence of
a good teacher
can never be
ERASED

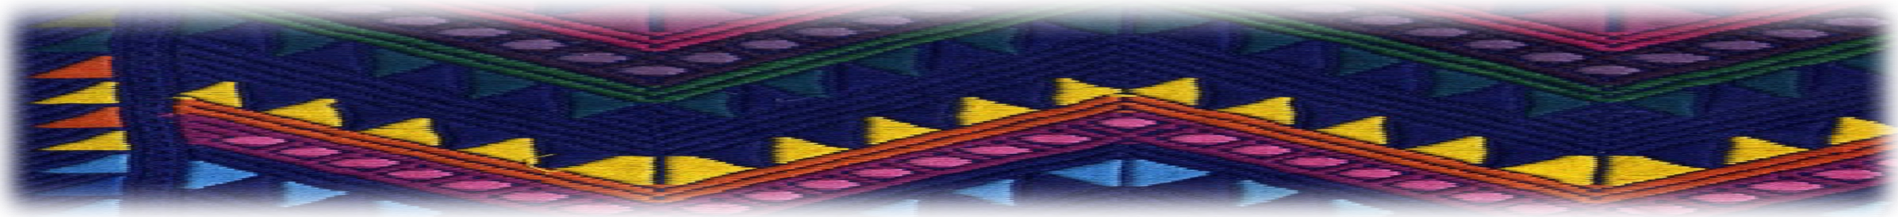
Pero sí puede decidirse tirar la toalla y formar parte de los famosos Call Centers!

Uno recibe lo que uno paga



ARE YOU THE NEW ENGLISH TEACHER?
YES I ARE!





¿Cómo es la población estudiantil de su colegio?

¿Qué posibilidades tiene de acceso a un mayor bilingüismo?

I will be Good
